Summary of Most Recent Site Inspection

The schools physical plant is generally in very good condition.

Repairs Needed

The roof of the Vocational Arts building housing Shops 50 and 51 needs major repairs.? The current roof is metal and has rusted through in several locations.? This has resulted in leakage into Shops 50 and 51, as well as, classrooms 52, 53, and 54.? Temporary repairs allow us to use these areas in the interim.

Corrective Actions Taken or Planned

A proposal for Major Capital Outlay for installation of a new roof will be submitted in the coming year.

School Accountability Report Card Reported for School Year 2006-07

Published During 2007-08

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available at the California Department of Education (CDE) Web site at http://www.cde.ca.gov/ta/ac/sa/. For additional information about the school, parents and community members should contact the school principal or the district office. DataQuest, an online data tool at http://data1.cde.ca.gov/dataquest/, contains additional information about this school and comparisons of the school to the district, the county, and the state.

II. School Climate

School Safety Plan

This section provides information about the school's comprehensive safety plan.

The high school conducts quarterly fire drills in conjunction with the Security Section of the institution. We use the same drill for earthquake and natural disaster plans. The notification begins from the Main Control Center. Supervision of students during the drills is a joint responsibility between the faculty and the security team members. School Security staff is responsible for all movement between classrooms, movements to and from school as well as searching students for contraband.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate		School		District				
Nate	2004-05	2004-05 2005-06 2006-07		2004-05	2006-07			
Suspensions	0	0	0	0	0	0		
Expulsions	0	0	0	0	0	0		

As an integral component of their rehabilitation, education is mandatory for wards of the state remanded to the Juvenile Justice Division of the California Department of Corrections and Rehabilitation. Educational services continue to be delivered by our faculty regardless of the severity of the incidents in which such individuals may engage while incarcerated. For this reason, DJJ High Schools do not suspend education from any individual.

III. School Facilities

School Facility Conditions and Improvements

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

Sixteen (16) of the original classrooms were built in 1954. The classrooms are clean and have been painted within the last six years. In 2004 all were upgraded with air conditioning. Heat is provided by a steam system. The new Special Education wing, built in 2000, has 8 new classrooms. The Vocational Buildings have 11 shops. These were also upgraded with new cooling systems in 2004. The school is clean, minor repairs occur during the school year. Classrooms have bathrooms that are regularly cleaned on a schedule. Classrooms are considered small, however our class size is no greater than 18 students. The average teacher to student ratio is 1:12.0.

School Facility Good Repair Status

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

Types of Services Funded

This section provides information about the programs and supplemental services that are available at the school and funded through either categorical or other sources.

All of our students are eligible as Title I students and may receive supplementary services in transition, reading, and/or mathematics.

Teacher and Administrative Salaries (Fiscal Year 2005-06)

This table displays district-level salary information for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found at the CDE Web site at http://www.cde.ca.gov/ds/fd/cs/.

VIII. Student Performance

California Standards Tests

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts and mathematics in grades 2 through 11; science in grades 5, 8, 9, 10, and 11; and history-social science in grades 8, 9, 10, and 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found at the CDE Web site at http://star.cde.ca.gov. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy.

CST Results for All Students – Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

Norm-Referenced Test

The norm-referenced test (NRT), currently the California Achievement Test, Sixth Edition (CAT/6), shows how well students are doing compared to students nationally in reading, language, spelling, and mathematics in grades 3 and 7 only. The results are reported as the percent of tested students scoring at or above the national average (the 50th percentile). Detailed information regarding NRT results for each grade level can be found at the CDE Web site at http://star.cde.ca.gov/. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy.

California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement, but the results of this exam are also used to determine Adequate Yearly Progress (AYP) for high schools, as required by the federal No Child Left Behind (NCLB) law. The CAHSEE includes English-language arts and mathematics components. Student scores are reported as performance levels: Not Proficient, Proficient, and Advanced. Detailed information regarding CAHSEE results can be found at the CDE Web site at http://cahsee.cde.ca.gov/. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy.

California Physical Fitness Test Results

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students meeting fitness standards (scoring in the healthy fitness zone on all six fitness standards) for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found at the CDE Web site at http://www.cde.ca.gov/ta/tg/pf/. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy.

IX. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the CDE Web site at http://www.cde.ca.gov/ta/ac/ap/.

As an alternative school, Marie C. Romero High School's performance is measured by the ASAM program instead of the API, AYP, and PI indices.

API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. These ranks are published when the Base API is released each March. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performance is better than at least 90 of the 100 similar schools.

API Changes by Student Group – Three-Year Comparison

This table displays by student group the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Web site at http://www.cde.ca.gov/ta/ac/ay/.

As an alternative school, Marie C. Romero High School's performance is measured by the ASAM program instead of the API, AYP, and PI indices.

Federal Intervention Program

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Web site at http://www.cde.ca.gov/ta/ac/ay/.

As an alternative school, Marie C. Romero High School's performance is measured by the ASAM program instead of the API, AYP, and PI indices.

X. School Completion and Postsecondary Preparation

Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period for which data is available. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found at the CDE Web site at http://dq.cde.ca.gov/dataquest/.

Indicator		School			District			State

Completion of High School Graduation Requirements

Students in California public schools must pass both the English-language arts and mathematics portions of the California High School Exit Examination (CAHSEE) to receive a high school diploma. For students who began the 2006-07 school year in the 12th grade, as evidenced by that school year's October CBEDS enrollment, this table displays by student group the percent who met all state and local graduation requirements for grade 12 completion, including having passed both portions of the CAHSEE or received a local waiver or state exemption. Detailed information about the CAHSEE can be found at the CDE Web site at http://www.cde.ca.gov/ta/tg/hs/. Note: "N/A" means that the student group is not numerically significant.

Group	Gra	Graduating Class of 2007
